

## **RINA LONDON BRANCH SEASON REPORT FOR 2022 - 2023**

### **Constitution of Branch Council:**

It is with great sadness that the Branch announced the passing of our Honorary Secretary, Lourdes Lilley, known by all as "Nina", in August 2022. She was the Honorary Secretary of the Branch for 12 years and her contribution to the Branch and the Council was unstinting. She enhanced the role and has left a huge hole in our operation and has indeed left a high bar for all those that follow. The Branch will be forever in her debt.

The Branch have continued to mainly hold webinars this season, apart from two events at RINA HQ and one on the HQS Wellington. Two events had contributions from overseas speakers, so the webinar platform was extremely useful. The In-person events also were made hybrid, ensuring that the opportunity for as many members as possible to attend was maintained.

Since the last AGM there have been nine (9) events. Details of all the presentations delivered are included in this report which will be posted to the London Branch website.

The webinars continue to be well attended and as such will remain part of the Branch activities. It is expected that we will increase the In-person events when able, dependent upon sourcing suitable Venues.

During this season, the Branch has continued to increase the number of Email addresses on our circulation list as directed by Members, to enable the Branch to keep people informed directly about the Branch meetings. The Branch Council has tried to ensure effective targeting of our advertising posters by keeping their distribution list under continuous review and we also continue to publicise our meetings on the RINA website and via RINA HQ e-blasts. The Branch has also continued with its own LinkedIn site, and all members are encouraged to register.

Subject to Speaker approval. all London Branch webinars are now posted to the RINA Youtube channel.

The Branch continues to issue certificates of Continuing Professional Development upon demand for those attending presentations.

All members are encouraged to contact the President of the Branch if they wish to give a presentation to the Branch. All proposals would be gratefully received.
