“OFFSHORE DECOMMISSIONING”

By

BRIAN JONES

**TECHNICAL DIRECTOR, ENERGY DEPARTMENT
LONDON OFFSHORE CONSULTANTS (LOC)**

Meeting to be held at

*Lloyd's Register, 71 Fenchurch Street London EC3M 4BS
at 17:30 for 18:15 hours (duration approximately 1 hour)*

The number of UKCS fields and facilities approaching the end of their economic life is increasing. These fields have added tremendous value to the economy in the past 40 years and at the end of their economic life, operators will need to decommission the infrastructure in line with regulations.

Estimates for the total decommissioning cost have been produced by various organisations, to serve a variety of purposes. The variance in headline figures highlights the uncertainty involved in estimating the cost of decommissioning hundreds of assets. The presentation will focus on the practical aspects of decommissioning and describe the issues involved.
