Please note this webinar is only open to first 100 participants who had registered and entered the meeting on first-come-first-serve basis. For benefit of those who had pre-registered, please do not share the access link further after registration.

Abstract

A marine company's finances are greatly dependent on its insurance programs in the event of a major accident. An oil rig loss may cost a company hundreds of millions of dollars in asset loss, and several hundred million in pollution liability. Human errors in the engine room of a vessel can result in expensive accidents related to the turbocharger or newly installed scrubber systems.

In this presentation, find out how your work as a naval architect or marine engineer can affect the purchase price of your company's insurance programs. Additionally, find out how you can contribute towards improving your company's insurance procurement.

About the Speaker

EJ joined the marine insurance industry in 2007 with a Marine Diploma from Singapore Polytechnic and a Bachelor of Science (Economics) degree from Singapore Management University. He achieved chartered status in 2010, and worked as a marine insurance underwriter and regional manager in Lloyd's syndicates for over 10 years. Recently, he joined Edge Insurance Brokers from a Mitsui Sumitomo insurer and now represents shipowners and marine clients to arrange and procure insurance solutions from capital markets all over the world.

Instructions to join the webinar using Zoom

1. Download Zoom software before joining the webinar session at <https://zoom.us/download>
2. You may join the webinar by clicking onto the link provided in the email after registration.
3. Alternatively, you may join the webinar by clicking <https://zoom.us/join> and key in the Meeting ID and Password provided in the email after registration.
4. Video and audio function will be disabled during the session for all participants (except host and presenter).
5. For attendance recording purposes, please provide your name, company and membership (e.g. SNAMES, Joint Branch, SSA or non-member) in the chat window upon joining the webinar session.
6. During the Q&A, please key in your questions into the chat window and it will be selected by the host and referred to the presenter.
7. Please provide your feedback by accessing the link provided after the Q&A session.
