

MARINE CORROSION SEMINAR

Perth	Wednesday 1 st August	Perth Concert Hall, www.perthconcerthall.com.au
Adelaide	Friday 3 rd August	Best Western Adelaide Riviera, www.adelaideriviera.com.au
Hobart	Tuesday 7 th August	The Old Woolstore Apartment Hotel, www.oldwoolstore.com.au
Melbourne	Thursday 9 th August	The Beach Club, Docklands, www.thebeachclub.com.au
Sydney	Tuesday 21 st August	Chatswood RSL Club, www.chatswoodrsl.com.au
Brisbane	Thursday 23 rd August	Chifley at Lennons, www.chifleyhotels.com.au/brisbane
Darwin	Friday 31 st August	Frontier Hotel, www.frontierdarwin.com.au

Marine Corrosion

The persistent and destructive force of corrosion is well known. In a marine environment, these forces intensify and so ships, marinas, pipelines, bridges, offshore structures, desalination plants and other structures in marine environments are all highly susceptible to marine corrosion.

Controlling Corrosion in a Marine Environment

This one day seminar is designed for engineers, asset owners, maintenance managers, designers, managers, ship builders and anyone who has had contact with marine corrosion.

Delegates will gain an understanding of the most commonly used methods for providing marine corrosion protection, including:

- protective coatings
- cathodic protection
- galvanizing
- material selection
- design
- application
- as well as environmental friendly methods, marine corrosion case studies and more.

Seminar Speakers

The following corrosion specialists and experts will provide an insight into controlling corrosion in a marine environment:

- Fred Salome, 2007 President of the Australasian Corrosion Association Inc and Director of CTI Consultants
- Paul Taylor of Denso Australia
- Wayne Burns, Managing Director of Anode Engineering
- Emmanuel Pimentel of the Galvanizers Association of Australia
- Representatives from GHD, Savcor, Australian Submarine Corporation and other organisations.

Local asset owners will provide their own perspective and experiences of marine corrosion and there will also be an open forum and discussion.

Proudly Sponsored by:

Australasian Corrosion Association Inc

A membership based, not-for-profit organisation, the Australasian Corrosion Association Incorporated (ACA) was established in 1955 to service the needs of Australian and New Zealand companies, organisations and individuals involved in the fight against corrosion.

The ACA promotes the co-operation of academic, industrial, commercial and governmental organisations in relation to corrosion and its mitigation and disseminates information on all aspects of corrosion and its prevention by promoting lectures, symposia, publications and other activities.

Marine Corrosion Seminar Registration Details

☐ Perth ☐ Adelaide ☐ Hobart ☐ Melbourne ☐ Sydney ☐ Brisbane ☐ Darwin

☐ New Member: \$150* ☐ Member: \$165 ☐ Non Member: \$198

*Join now as an ACA member and receive the 'new member' registration price. A new member registration form must be accompanied by a membership application which is found at www.corrosion.com.au. An ACA individual membership is only \$149.55.
