BACKGROUND

The journey of the regional conference on Marine Technology began in 1998. Since then this conference had been organised biennially until 2008 based on the concept that the ASEAN countries will form a regional network and cooperation between academics and industries. After the success of these biennial regional conferences, this time it is going to take place as an international event. This international conference on Marine Technology (MARTEC 2010), Dhaka is an effort for providing a platform to exchange ideas, experiences and research works in various areas of Marine Technology.

OBJECTIVE

- To encourage better cooperation between academic institutions and industries.
- To strengthen regional and international networking.
- To provide a forum for sharing knowledge among regional and international researchers in the field of marine technology.

VENUE

BUET, Dhaka, Bangladesh

Bangladesh University of Engineering and Technology, abbreviated as BUET, is one of the most prestigious institutions for higher studies in the country. The BUET campus is in the heart of Dhaka – the capital city of Bangladesh and is only about 15 km from the Zia International Airport. Dhaka was founded in 1608 A.D. as the capital of Bengal by Islam Khan Chisti during the regime of Mughal Emperor Jahangir. It has a colourful ambience with unique blends of both traditional and modern life. The temperature of Dhaka in December usually varies between 16°C and 25°C.

Department of Naval Architecture and Marine Engineering is located on the 6th Floor of Civil Building, BUET

SCOPE

- Ship Design
- Shipbuilding Technology
- Ship Resistance and Propulsion
- Sea keeping and Maneuvering
- Marine Structure and Materials
- Marine Hydrodynamics
- Ocean Engineering
- Marine Engineering
- Ship Economics
- Dredging Technology
- Port and Harbor Engineering
- Ship Safety and Environmental Protection
- Ship Recycling
