INMARCO-INAvation 2010 : 09-11 Dec 2010, Mumbai, India

The Institute of Marine Engineers (India) and Institution of Naval Architects (India) have jointly announced an International Maritime Technology Conference and Exhibition in Mumbai from 09 to 11 Dec 2010. The event titled "INMARCO-INAvation 2010", is on the theme "Opportunities, Challenges & Innovations". This is the first time that the two major maritime professional organisations from India have come together to host a mega event of this nature. Papers are invited on a vast gamut of topics, viz. Marine Engineering, Naval Architecture and Ship Design, Shipbuilding and Repairs, Offshore Technology, Regulations and Classification, Ship Types, Materials, Equipment & Systems, Shipping Operations and Policies, Safety and Security, Maritime Insurance, Ship Logistics, Chartering and Brokering, Dredging, Inland Water Transportation, Military and Para-Military Vessels, Maritime Education & Training, environment and Ports & Harbours.

Mr Umesh C Grover, Director (Technical) of Shipping Corporation of India and Chairman of the Organising Committee has stated that the theme and the topics of the Conference are relevant to ship owners, ship managers, designers, builders & repairers, Indian Navy & Coastguard, statutory authorities, classification societies, marine industry, offshore industry, oil & gas industry, maritime education & training institutes, financial institutions, investors, underwriters, maritime legal fraternity, non-governmental organizations etc. The details of the Conference are available on the web-site www.inmarco-inavation.com and correspondence regarding the conference and participation can be made on the e-mail ID info@inmarco-inavation.com. Technical papers and presentation related issues can be discussed on techcommittee@inmarco-inavation.com.
