

HIGH SPEED CRAFT HUMAN FACTORS ENGINEERING EDUCATION WORKSHOP

26TH MAY 2009 | RNLI COLLEGE, POOLE, UK

MINISTRY OF DEFENCE

The Royal Institution of
Naval Architects

Organiser:

STResearch Ltd

Cost: **Free***

Sponsored by:

**UK MOD Directorate of
Sea Systems**

Places available: **50;**

Two per organisation/company

CPD accreditation:

**Royal Institution of Naval
Architects**

This workshop precedes the RINA
SURV7 Conference, also being
held at the RNLI College, on the
27th and 28th May 2009.

Why attend?

Gain knowledge and an understanding of the importance of Human Factors Engineering to the design and operation of High Speed Craft. The Workshop will be based on the award winning High Speed Craft Human Factors Engineering Design Guide and additional updated material.

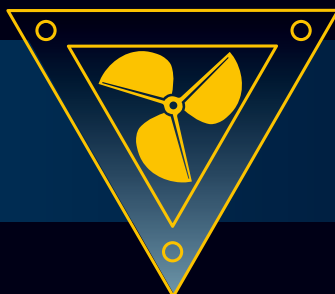

**To apply for a place and
additional information,
send an email to:**

workshop@str.eu.com

www.str.eu.com/hf-workshop

* Attendees are invited to make a financial donation to the RNLI appropriate to the value of the workshop.
